WOODY'S RECOVERY PLUS

A post-workout recovery and antioxidant supplement for all horses | Available in 5 lb (2.27 kg) bags

Woody's Recovery Plus is designed to aid in sports recovery and overall health of performance horses. Fortified with Diamond V® Original XPC®, which has been proven to support optimal horse health, along with an ideal blend of the amino acids, vitamins, and minerals needed to keep your horse living up to their highest potential.

All horses, especially those in stressful environments, will benefit from the addition of Recovery Plus in their diet. Recovery Plus contains:

- **Diamond V® Original XPC®**, which has been proven to support optimal horse health including gut function and more!
- A powerhouse combination of **antioxidants** including **natural** Vitamin E, Vitamin C, Selenium, Thiamine, Riboflavin, and whey protein
- Natural **immune support** from whey protein, Diamond V® Original XPC®, and Beta Carotene
- **Metabolism** and **appetite** support from Thiamine and Riboflavin
- Highly bioavailable **amino acids** sourced from whey protein

Feeding Instructions: Feed 1 ounce per day. For ponies, feed ½ ounce per day. Feed alongside a balanced diet including a minimum of 1.5% of horse body weight of good quality hay or pasture. Always provide fresh, clean water. The enclosed scoop measures 1 ounce by weight.

WOODY'S RECOVERY PLUS IS IDEAL FOR

- All life stages and workloads
- Any horse at risk of oxidative stress such as performance, senior, and rescue horses
- Preparation for a potentially stressful event (i.e. trailering, shows, etc.)
